PRODUCT CATALOGUE

Televisions | Washing Machines | Refrigerators | Air Conditioners

Indicative product range and price-guide template

Prices and exact model availability should be confirmed with the authorised dealer before purchase.

IMPORTANT PRICE NOTE

This PDF is the catalogue structure and product range requested. Exact current prices depend on model number, capacity, features, offers, and location. To avoid presenting invented prices as official, the price column is marked “Confirm current price”. Replace it with a dealer quote or current manufacturer listing before sharing with customers.

How to use this catalogue

Choose the required screen size or capacity, then confirm the exact model code, warranty, installation/delivery charges, and final selling price with the supplier. The product ranges below are examples of categories to include, not a guarantee that every size or variant is currently available.
